*** WHAT DO YOU THINK?**

What is a pledge? What do you pledge to do as a digital citizen?

*** DO YOU REMEMBER ...**
 How you can help create a positive online community?

1. Family Activity

Part of being a good digital citizen is making sure to follow your family's values and expectations when you use the Internet. With a parent or family member, fill out Common Sense Media's Family Media Agreement (www.common sense media.org/educators/parent-media-education/family-media-agreements). You can make revisions to the document as you see fit. If you and your parent agree on the terms outlined in the document, you can sign it to make it official.

2. Tech It Up!

Together, watch "Pause and Think Online" (<https://www.youtube.com/watch?v=rgbZAWnOW0o>). After you watch, discuss the following questions with a parent or family member: 1). What does it mean to "listen to your gut"? Can you think of a time when you listened to your gut? 2). Why is it important to feel with your heart when you're online? 3). How do you balance your time on the Internet with other activities? 4). Can you think of a situation when you would need to stand up for something or someone?

3. Common Sense Says ...

Be a good digital citizen by communicating responsibly with one another, protecting your own and others' private information online, standing up to cyberbullying, respecting others' ideas and opinions, and giving proper credit when you use others' work.
