

Going Places Safely

* DID YOU KNOW ...

"www" stands for "World Wide Web." The World Wide Web was invented more than 25 years ago!

With a parent or family member, use an online picture dictionary such as the Photographic Dictionary (<http://photographicdictionary.com/animals>) to search by letter for more information about your animal!

* WHAT DO YOU THINK?

What rules should kids follow when they want to visit a new place online?

*** DO YOU REMEMBER ...**
How you can stay safe when you explore new places on the computer?

1. Family Activity

There are so many exciting places to go online! You can visit faraway spots, explore a zoo, or even travel to outer space!

Draw a picture of one place you would like to visit through the Internet. At the bottom of your picture, have a parent help you write the three safety rules for going places online.

2. Tech It Up!

With a family member, use the Internet to visit the place that you drew.

3. Common Sense Says ...

Remember the three safety rules about going places online:

- 1). Always ask your parent (or teacher) first.
- 2). Only talk to people you know.
- 3). Stick to places that are just right for you.
